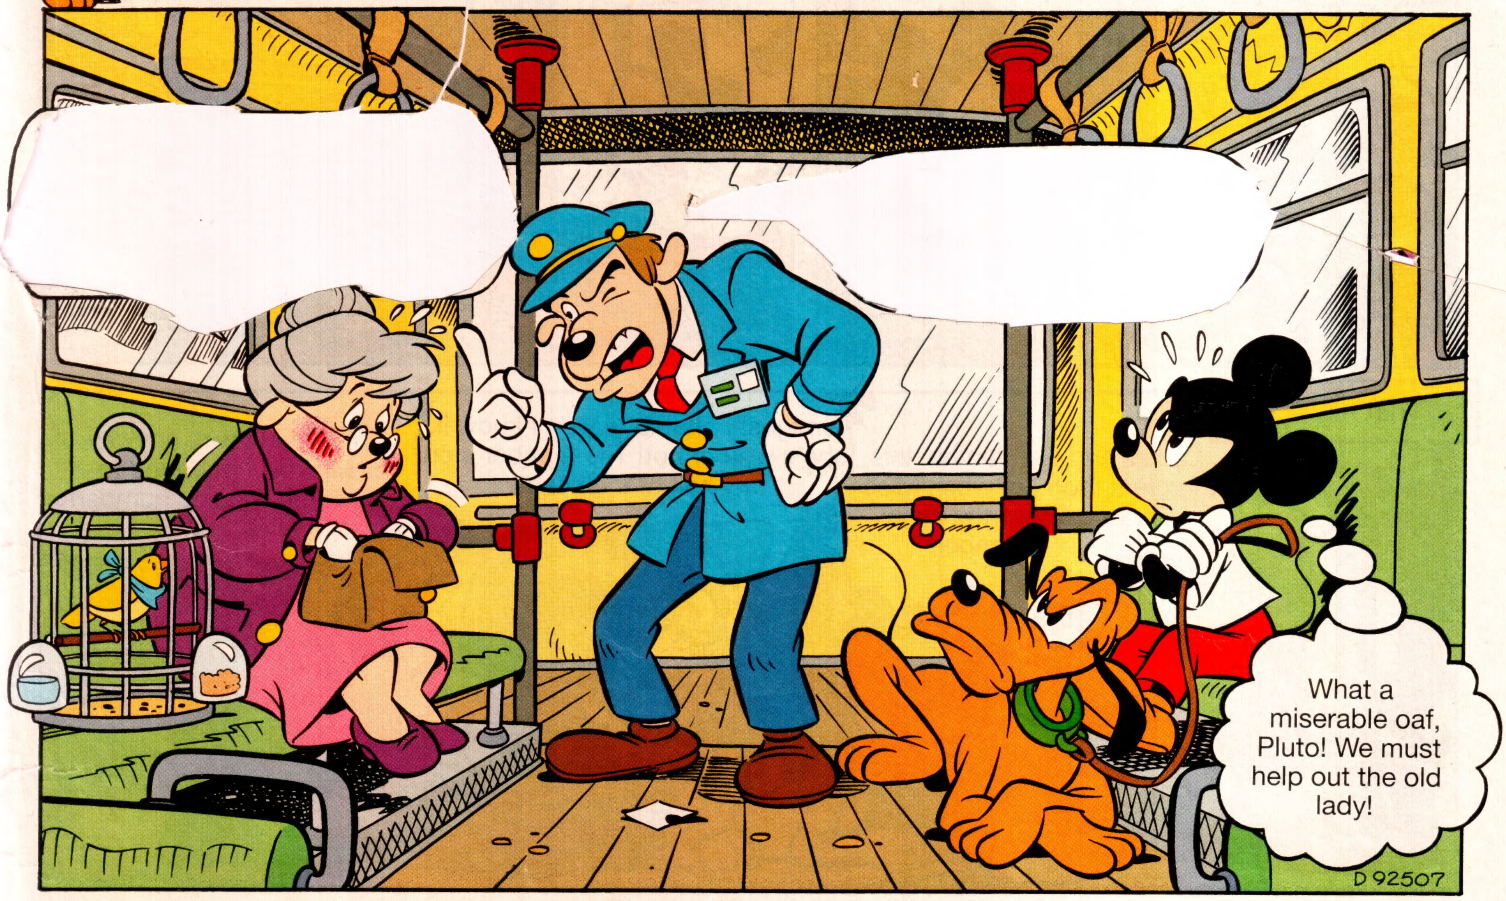
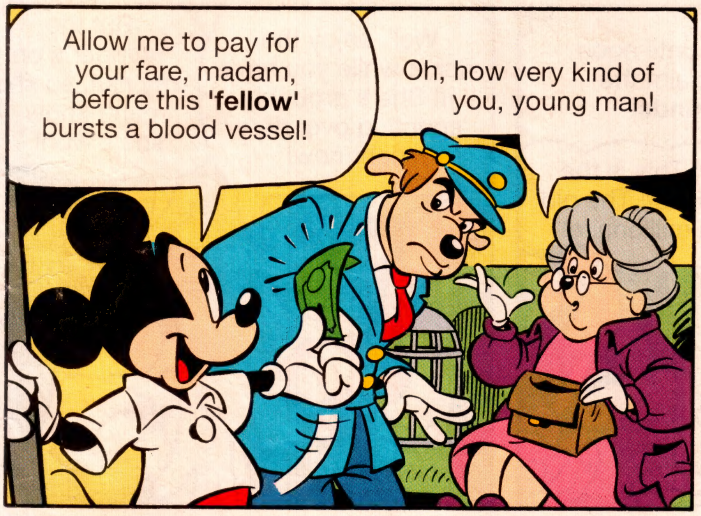
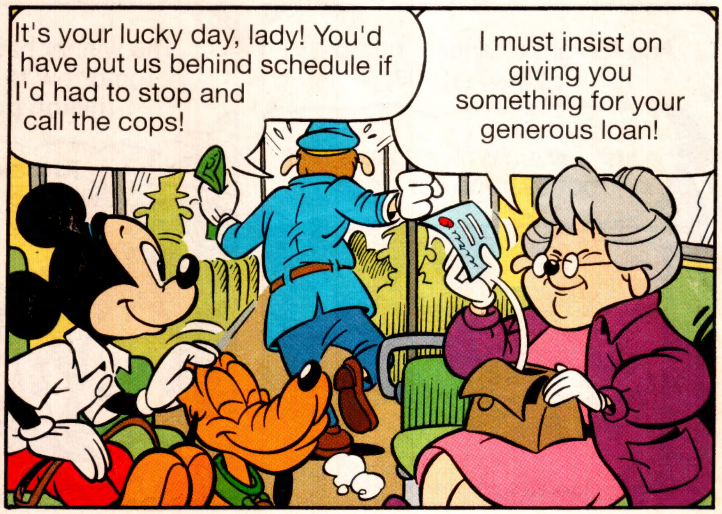
MICKEY MOUSE

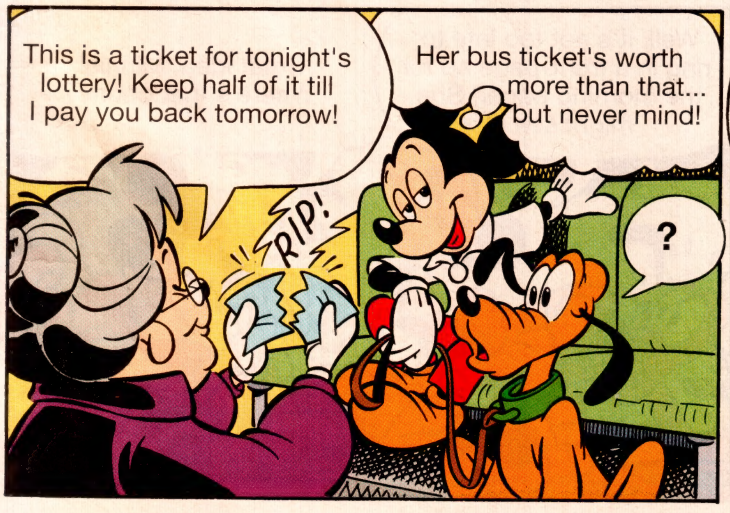
Lucky Lady



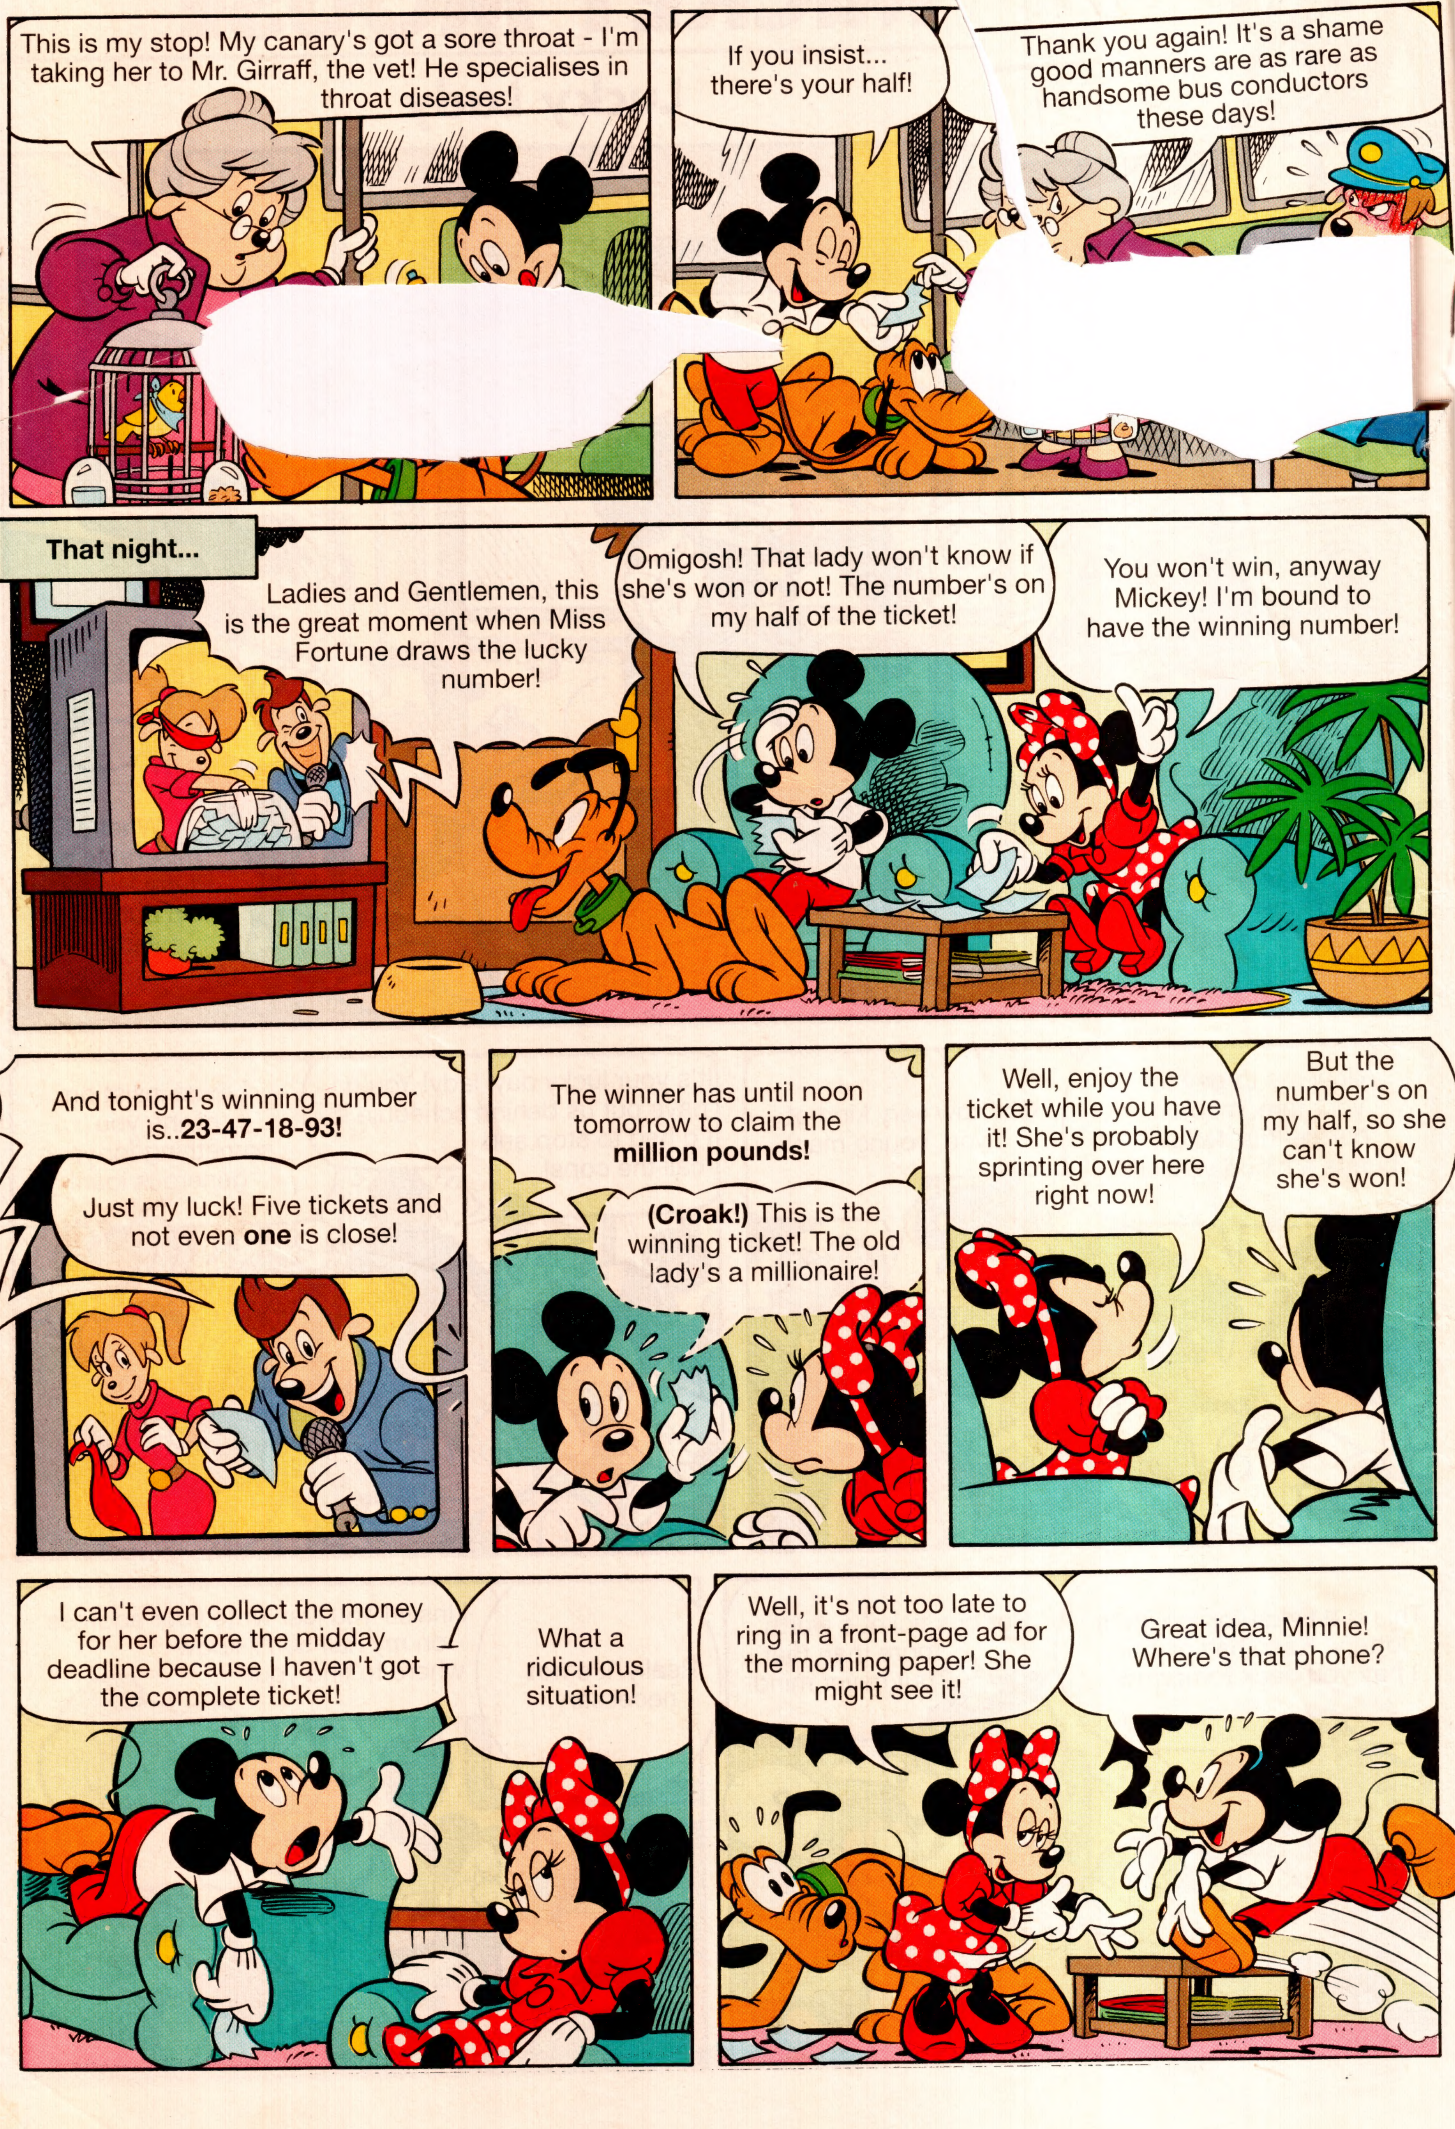




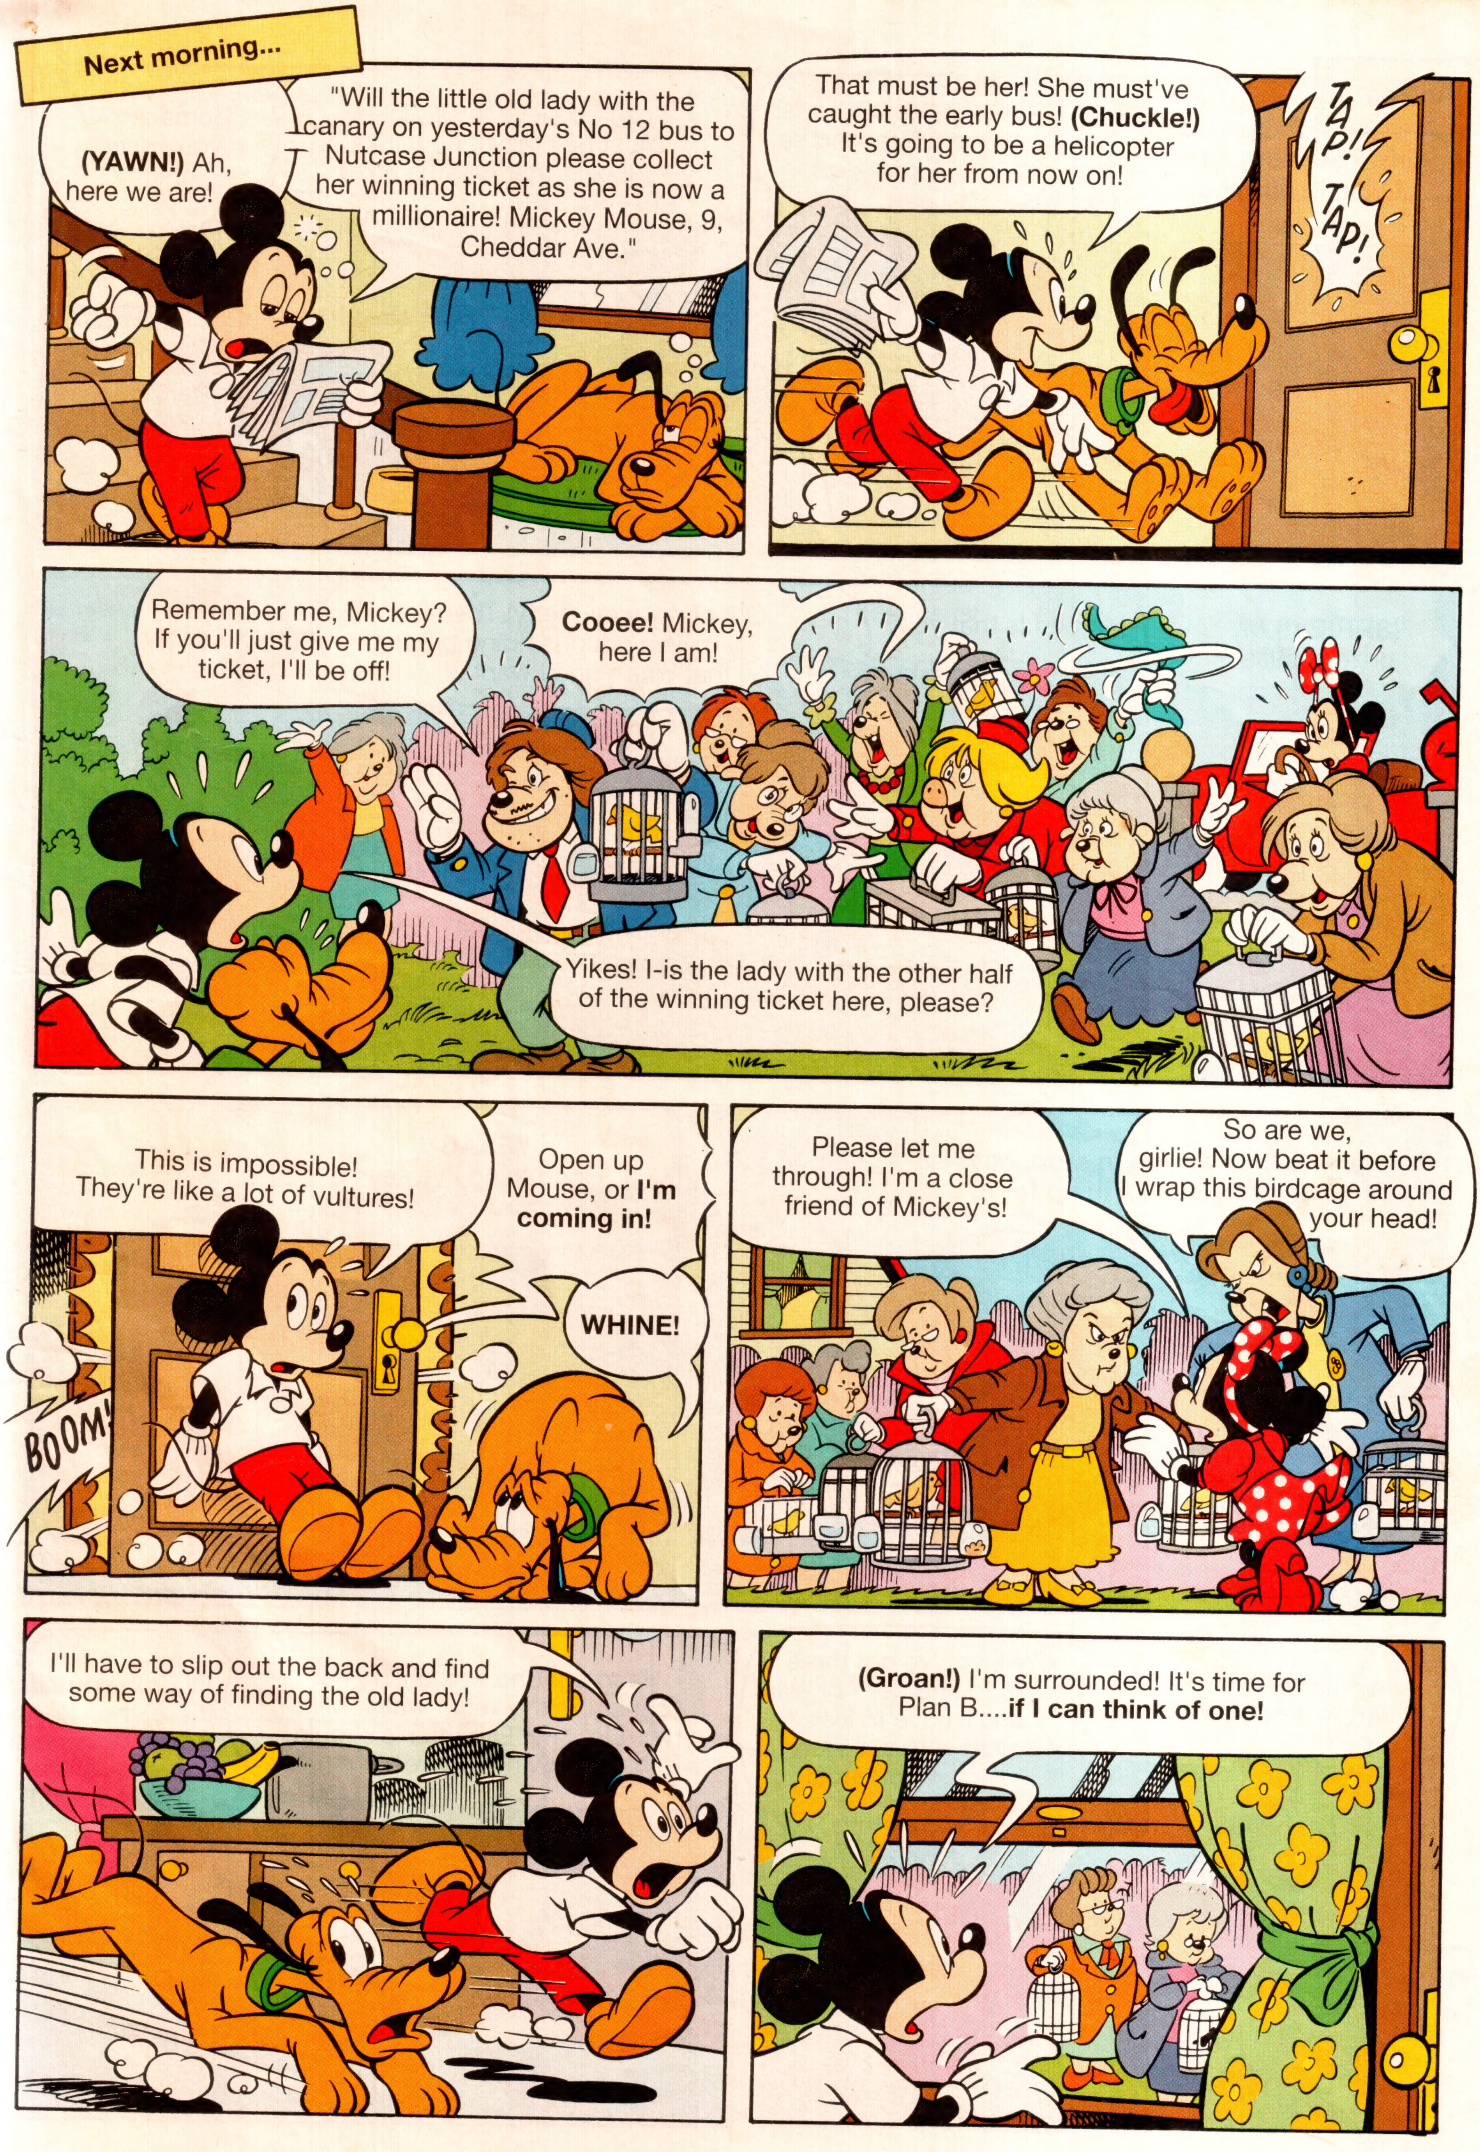
It's your lucky day, lady! You'd have put us behind schedule if I'd had to stop and call the cops!
I must insist on giving you something for your generous loan!



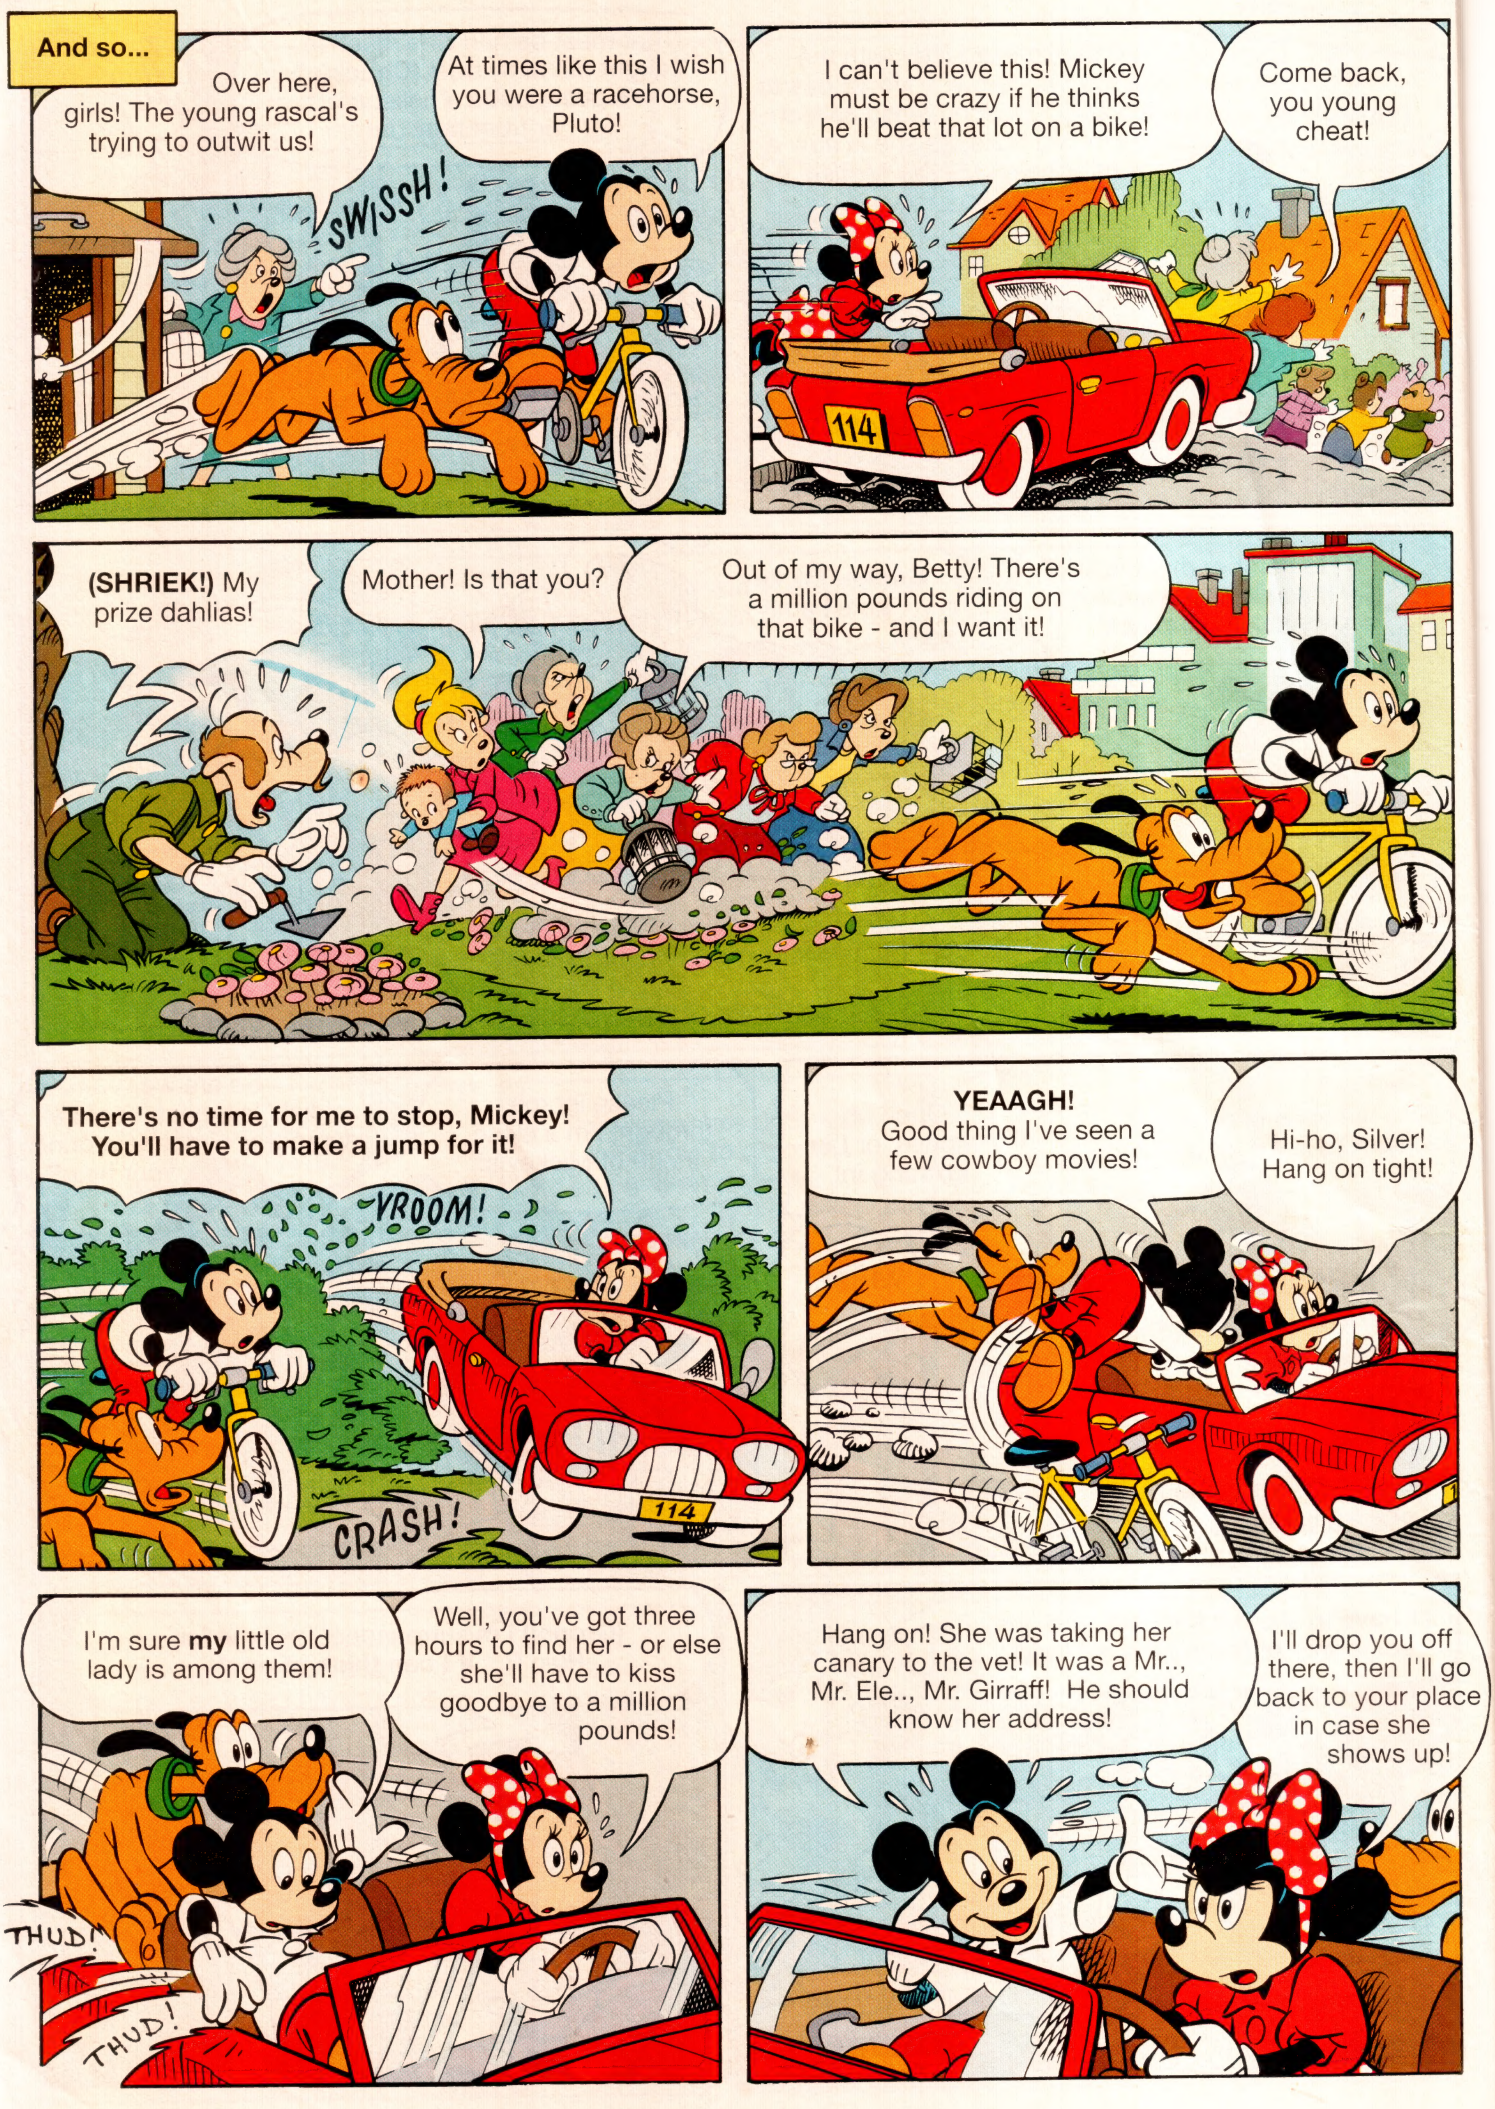
This is a ticket for tonight's lottery! Keep half of it till I pay you back tomorrow!
Her bus ticket's worth more than that... but never mind!
RIP!
?



This is my stop! My canary's got a sore throat - I'm taking her to Mr. Girraff, the vet! He specialises in throat diseases!
If you insist... there's your half!
Thank you again! It's a shame good manners are as rare as handsome bus conductors these days!
That night...
Ladies and Gentlemen, this is the great moment when Miss Fortune draws the lucky number!
Omigosh! That lady won't know if she's won or not! The number's on my half of the ticket!
You won't win, anyway Mickey! I'm bound to have the winning number!
And tonight's winning number is..**23-47-18-93!**
Just my luck! Five tickets and not even **one** is close!
The winner has until noon tomorrow to claim the **million pounds!**
(Croak!) This is the winning ticket! The old lady's a millionaire!
Well, enjoy the ticket while you have it! She's probably sprinting over here right now!
But the number's on my half, so she can't know she's won!
I can't even collect the money for her before the midday deadline because I haven't got the complete ticket!
What a ridiculous situation!
Well, it's not too late to ring in a front-page ad for the morning paper! She might see it!
Great idea, Minnie! Where's that phone?

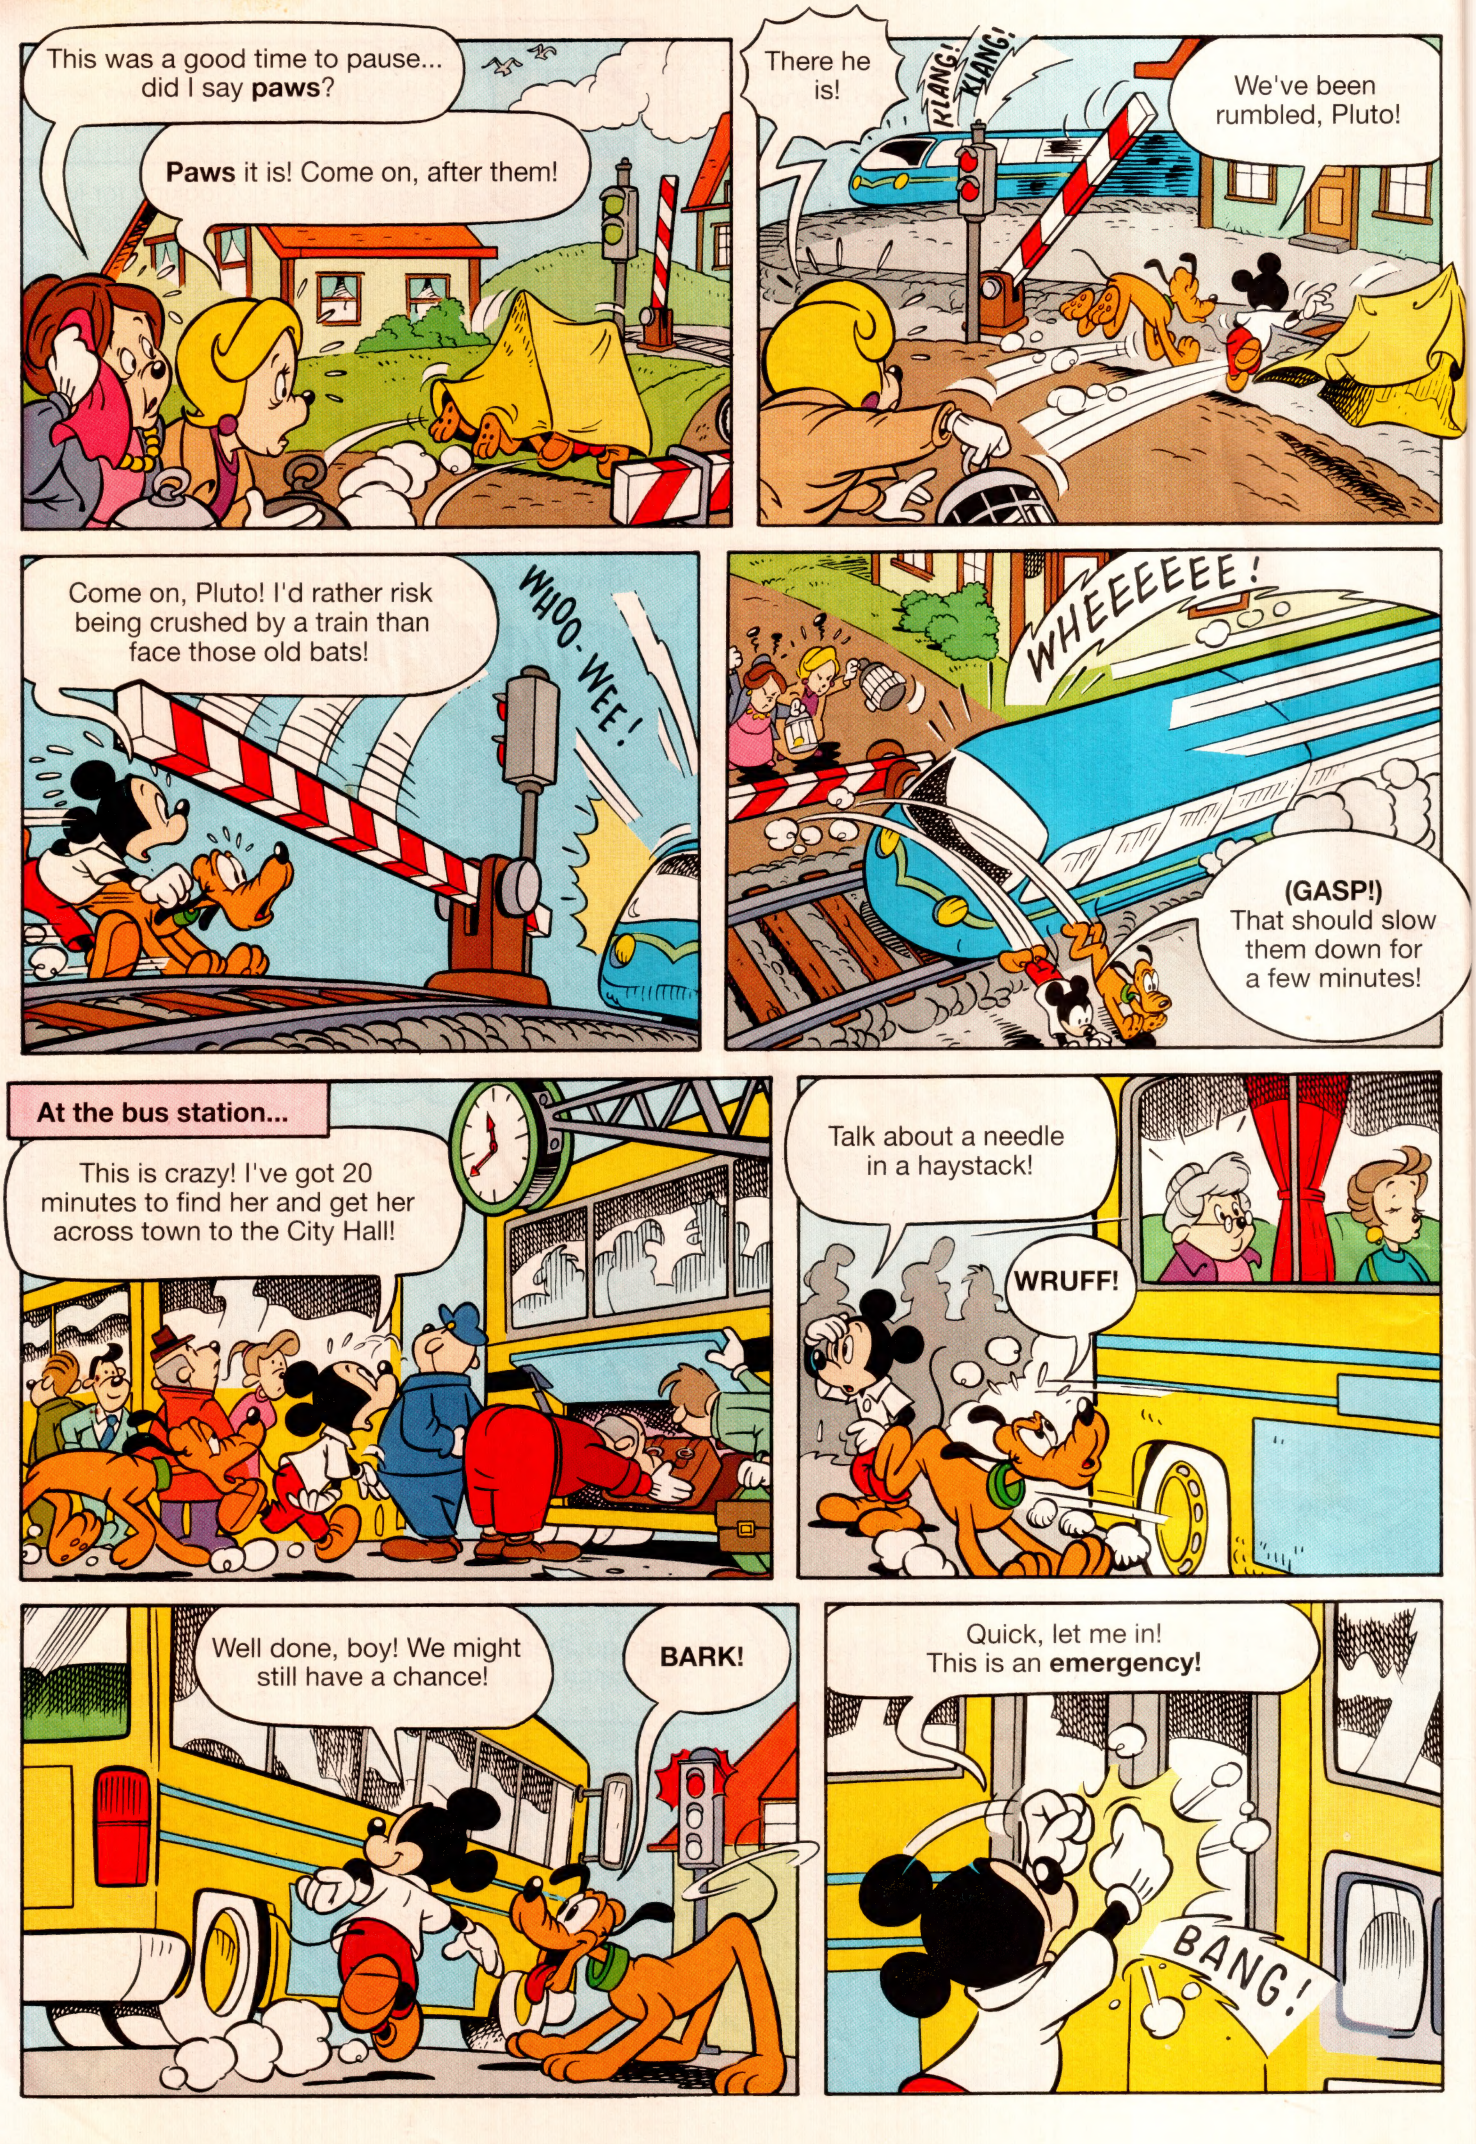


Next morning...
(YAWN!) Ah, here we are!
"Will the little old lady with the canary on yesterday's No 12 bus to Nutcase Junction please collect her winning ticket as she is now a millionaire! Mickey Mouse, 9, Cheddar Ave."
That must be her! She must've caught the early bus! (Chuckle!) It's going to be a helicopter for her from now on!
TAP! TAP!
Remember me, Mickey? If you'll just give me my ticket, I'll be off!
Cooee! Mickey, here I am!
Yikes! I-is the lady with the other half of the winning ticket here, please?
This is impossible! They're like a lot of vultures!
Open up Mouse, or I'm coming in!
WHINE!
BOOM!
Please let me through! I'm a close friend of Mickey's!
So are we, girlie! Now beat it before I wrap this birdcage around your head!
I'll have to slip out the back and find some way of finding the old lady!
(Groan!) I'm surrounded! It's time for Plan B....if I can think of one!



And so...
Over here, girls! The young rascal's trying to outwit us!
At times like this I wish you were a racehorse, Pluto!
SWISSH!
I can't believe this! Mickey must be crazy if he thinks he'll beat that lot on a bike!
Come back, you young cheat!
114
(SHRIEK!) My prize dahlias!
Mother! Is that you?
Out of my way, Betty! There's a million pounds riding on that bike - and I want it!
There's no time for me to stop, Mickey! You'll have to make a jump for it!
VROOM!
CRASH!
114
YEAAGH! Good thing I've seen a few cowboy movies!
Hi-ho, Silver! Hang on tight!
I'm sure my little old lady is among them!
Well, you've got three hours to find her - or else she'll have to kiss goodbye to a million pounds!
THUD!
THUD!
Hang on! She was taking her canary to the vet! It was a Mr.., Mr. Ele.., Mr. Girraff! He should know her address!
I'll drop you off there, then I'll go back to your place in case she shows up!

Soon...
Mrs Peabody, Flat 2, 325 Latimer Grove..
Thanks! That's all I need to know!
GIRRAFF-VET THROAT AND NECK SPECIALIST
Forty minutes later...
(GASP!) That's her canary..(pant)..looks like we're in the right place, Pluto!
You're not looking for Mrs Peabody, are you?
She just left to visit her sister in Harpville! You might just catch her at the bus station!
I don't think I've got enough puff left to get there!
There he is!
Although, on second thoughts...
That feller sure is popular with the ladies!
Sure is! You'd think he'd won the lottery or something!
Hide in there!
Don't give up now, Mavis! He can't be far away!
It's no good, I've got to have a rest!
You girls go ahead... we'll catch up!
Well, don't expect us to share the money if we catch him first!



This was a good time to pause... did I say **paws**?
Paws it is! Come on, after them!
There he is!
KLANG! KLANG!
We've been rumbled, Pluto!
Come on, Pluto! I'd rather risk being crushed by a train than face those old bats!
WHOO-WEE!
WHEEEEEEE!
(GASP!) That should slow them down for a few minutes!
At the bus station...
This is crazy! I've got 20 minutes to find her and get her across town to the City Hall!
Talk about a needle in a haystack!
WRUFF!
Well done, boy! We might still have a chance!
BARK!
Quick, let me in! This is an **emergency!**
BANG!

Oh, young man, I'm so sorry! I completely forgot your money!
That's not important! Where's the other half of your ticket?!
Here it is!
Speaking of tickets, buddy, I hope you're intending to buy one!
This lady's won the lottery ... she's got only 15 minutes to get to the City Hall and claim a **million pounds!**
Well, why didn't you say so!
If none of you folks has any objection, I'll make a little detour to help the lady out!
Go for it!
10 minutes later...
CITY HALL
I don't think I've got enough tickets in my book for this traffic offender!
SCREECH!
VROOM!
This..this lady's got less than five minutes to claim the million pound lottery prize!
Don't waste time talking, then!
The City Treasurer's on the 29th floor!
OUT OF ORDER
He would be!
So...
Come on, boys! Only another 19 to go!
WHEEZE! We'll never make it!

It looks like we've just saved ourselves a million pounds!
Only another 12 seconds to go!
CITY TREASURER
(Pant!) Sorry to disappoint you... but here's the ..(gasp)..winning ticket!
I'll just have my assistant check the serial number in the ledger!
And here's the other half!
I don't believe it!
Well done, Pluto! I knew you were a retriever at heart!
Just the ticket, Pluto! Two seconds left... you've earned yourself a lifetime's supply of juicy bones!
SNAP!
Later that day...
...most of all I want to thank Mickey Mouse! Without him, none of this would have been possible!
Where is he? We'd like a photograph of you both together!
DUCK-BURG TV
He was on his way...
(SNARL!) A million pounds! I could have retired to Florida!
That's life, ladies! We can all keep running, but we can't all be winners!

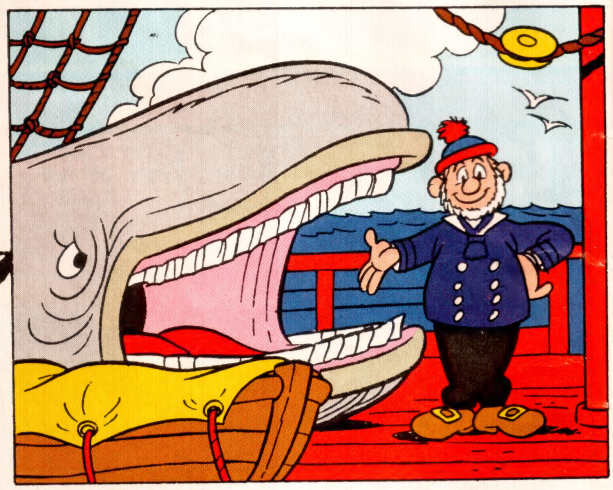
IT'S AMAZING BUT TRUE!

Astonishing! Incredible!

CRAZY STORIES FROM ALL OVER THE PLACE! AMAZING!

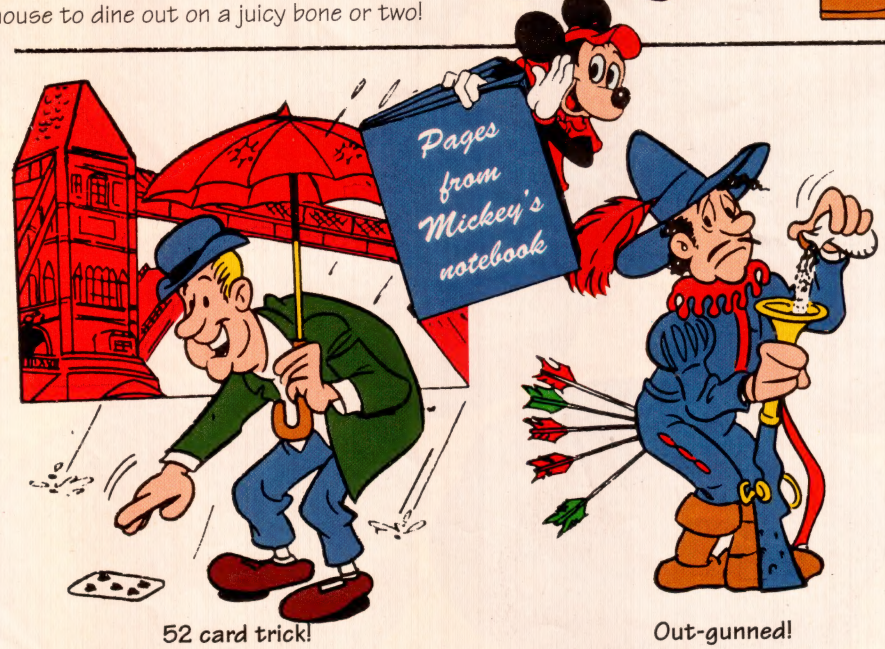
Whale of a time!

In February, 1891, a massive whale suddenly lifted two small dinghies from the American whaling ship **Star of the East** and capsized them. Two crew members disappeared immediately. Then, snorting and spluttering, the whale slowly disgorged the two seamen from the depths of its stomach - and both were alive! One of them, James Bartley, said: "When the whale capsized my boat I was thrown into the air... I remember travelling down a slippery canal and landing in a kind of sack. Then I lost consciousness ..."



A dog's life!

Two hundred years ago an eccentric English lord living in Paris tried to start a new craze - holding elegant dinner parties for dogs! The four-legged friends were fitted out in trendy clothes and taken every night to a friend's house to dine out on a juicy bone or two!

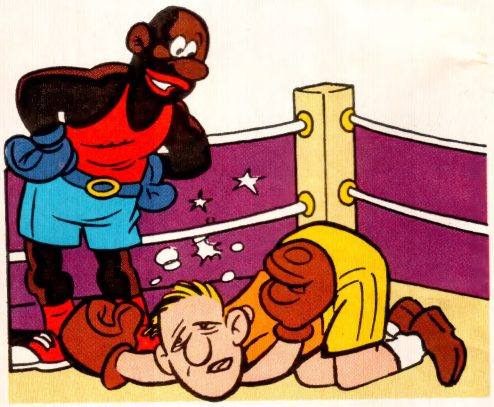


52 card trick!

A man once claimed that he found a complete pack of cards in the street - one by one, over a period of 31 years!

Out-gunned!

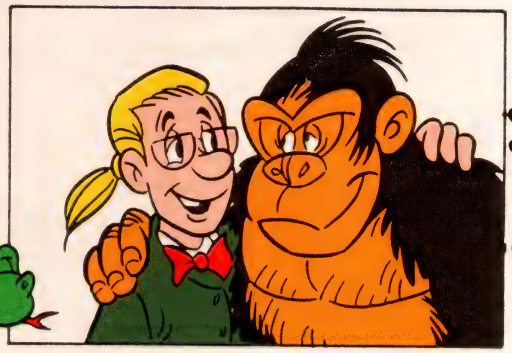
The first firearm took so long to load that a bow could deliver several arrows on target in the same time!



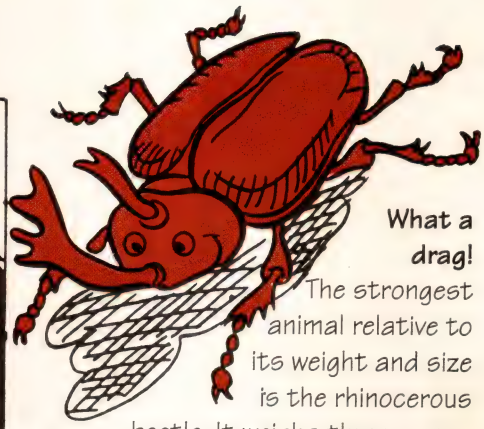
It's a knock-out

In a London boxing match a boxer threw a right hook, missed his opponent, then spiralled round and round until his chin hit the canvas and knocked himself out!

Making a pig of itself!
The largest python can devour a 70 kilogram pig at one sitting!



Close to me ...
Man is closer to the gorilla in evolution than to the chimpanzee.



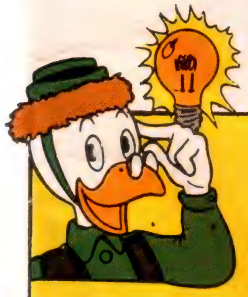
What a drag!
The strongest animal relative to its weight and size is the rhinocerous beetle. It weighs three grams and can drag five pounds. That's equivalent to a removal man carrying 300 pianos on his back!

WHY? WHY? WHY? WHY? WHY? WHY?

WHY?

Why does the penguin never have any trouble from the polar bear?
Because they never meet. Penguins live in the region of the South Pole, in Antarctica, and polar bears live in the region of the North Pole, the Arctic.

Why do human beings have different coloured skin?
Because dark skin gives better protection from the sun. That's why people who live in hot regions have darker skin than those living in cold regions. Skin colouring didn't happen overnight, of course, it developed over a period of thousands of years.



3 to think about

1. Is the Moon or the Sun closest to the Earth?
2. What name is given to the Thursday before Good Friday?
3. What was the title given to King Edward the Eighth after he gave up the British throne?

Answer these if you can!

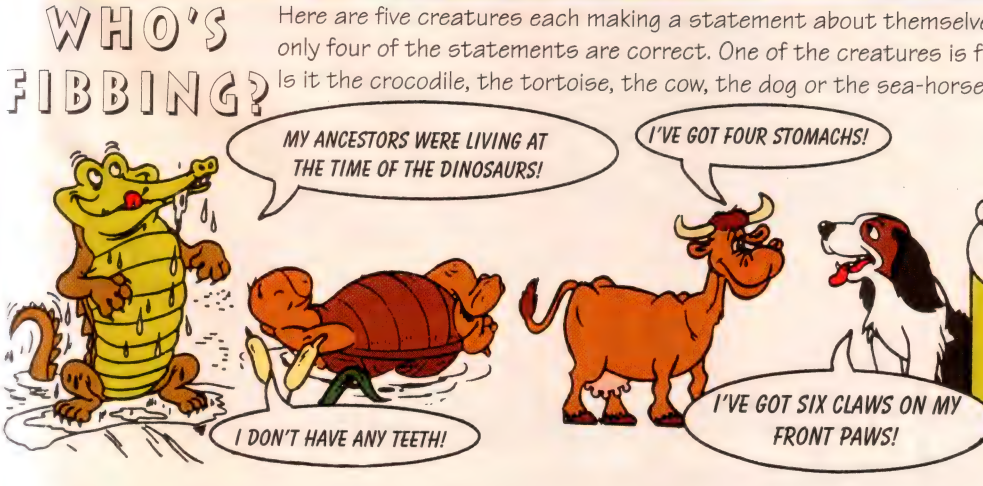
3 to make you laugh

1. What zips along under the ground at 70 miles an hour?
2. What's got stripes and always goes round in circles?
3. Which wheel of a car moves least when the car goes into a right hand bend?

WHO'S FIBBING?

Here are five creatures each making a statement about themselves. But only four of the statements are correct. One of the creatures is fibbing! Is it the crocodile, the tortoise, the cow, the dog or the sea-horse?



MY ANCESTORS WERE LIVING AT THE TIME OF THE DINOSAURS!
I'VE GOT FOUR STOMACHS!
I'M A FISH!
I DON'T HAVE ANY TEETH!
I'VE GOT SIX CLAWS ON MY FRONT PAWS!

Answers: 3 to think about: 1. The Moon. 2. Maundy Thursday. 3. Duke of Windsor. **3 to laugh at:** 1. A mole on a motor-bike. 2. A zebra in a revolving door. 3. The spare wheel.
Who's fibbing? The dog is!

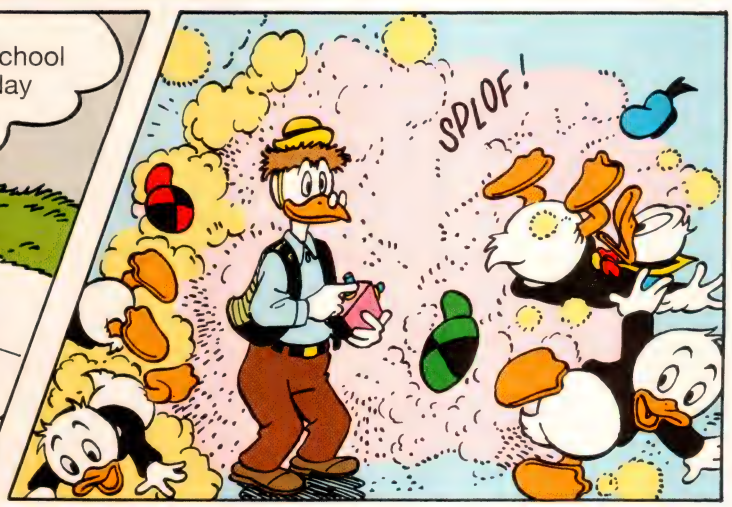
School Daze!

Oh, what a beautiful morning! Oh, what a beautiful day! Bu-but what's wrong with the boys?
D 93558

It's a lovely day... and you're looking like you've found a penny and lost a pound!

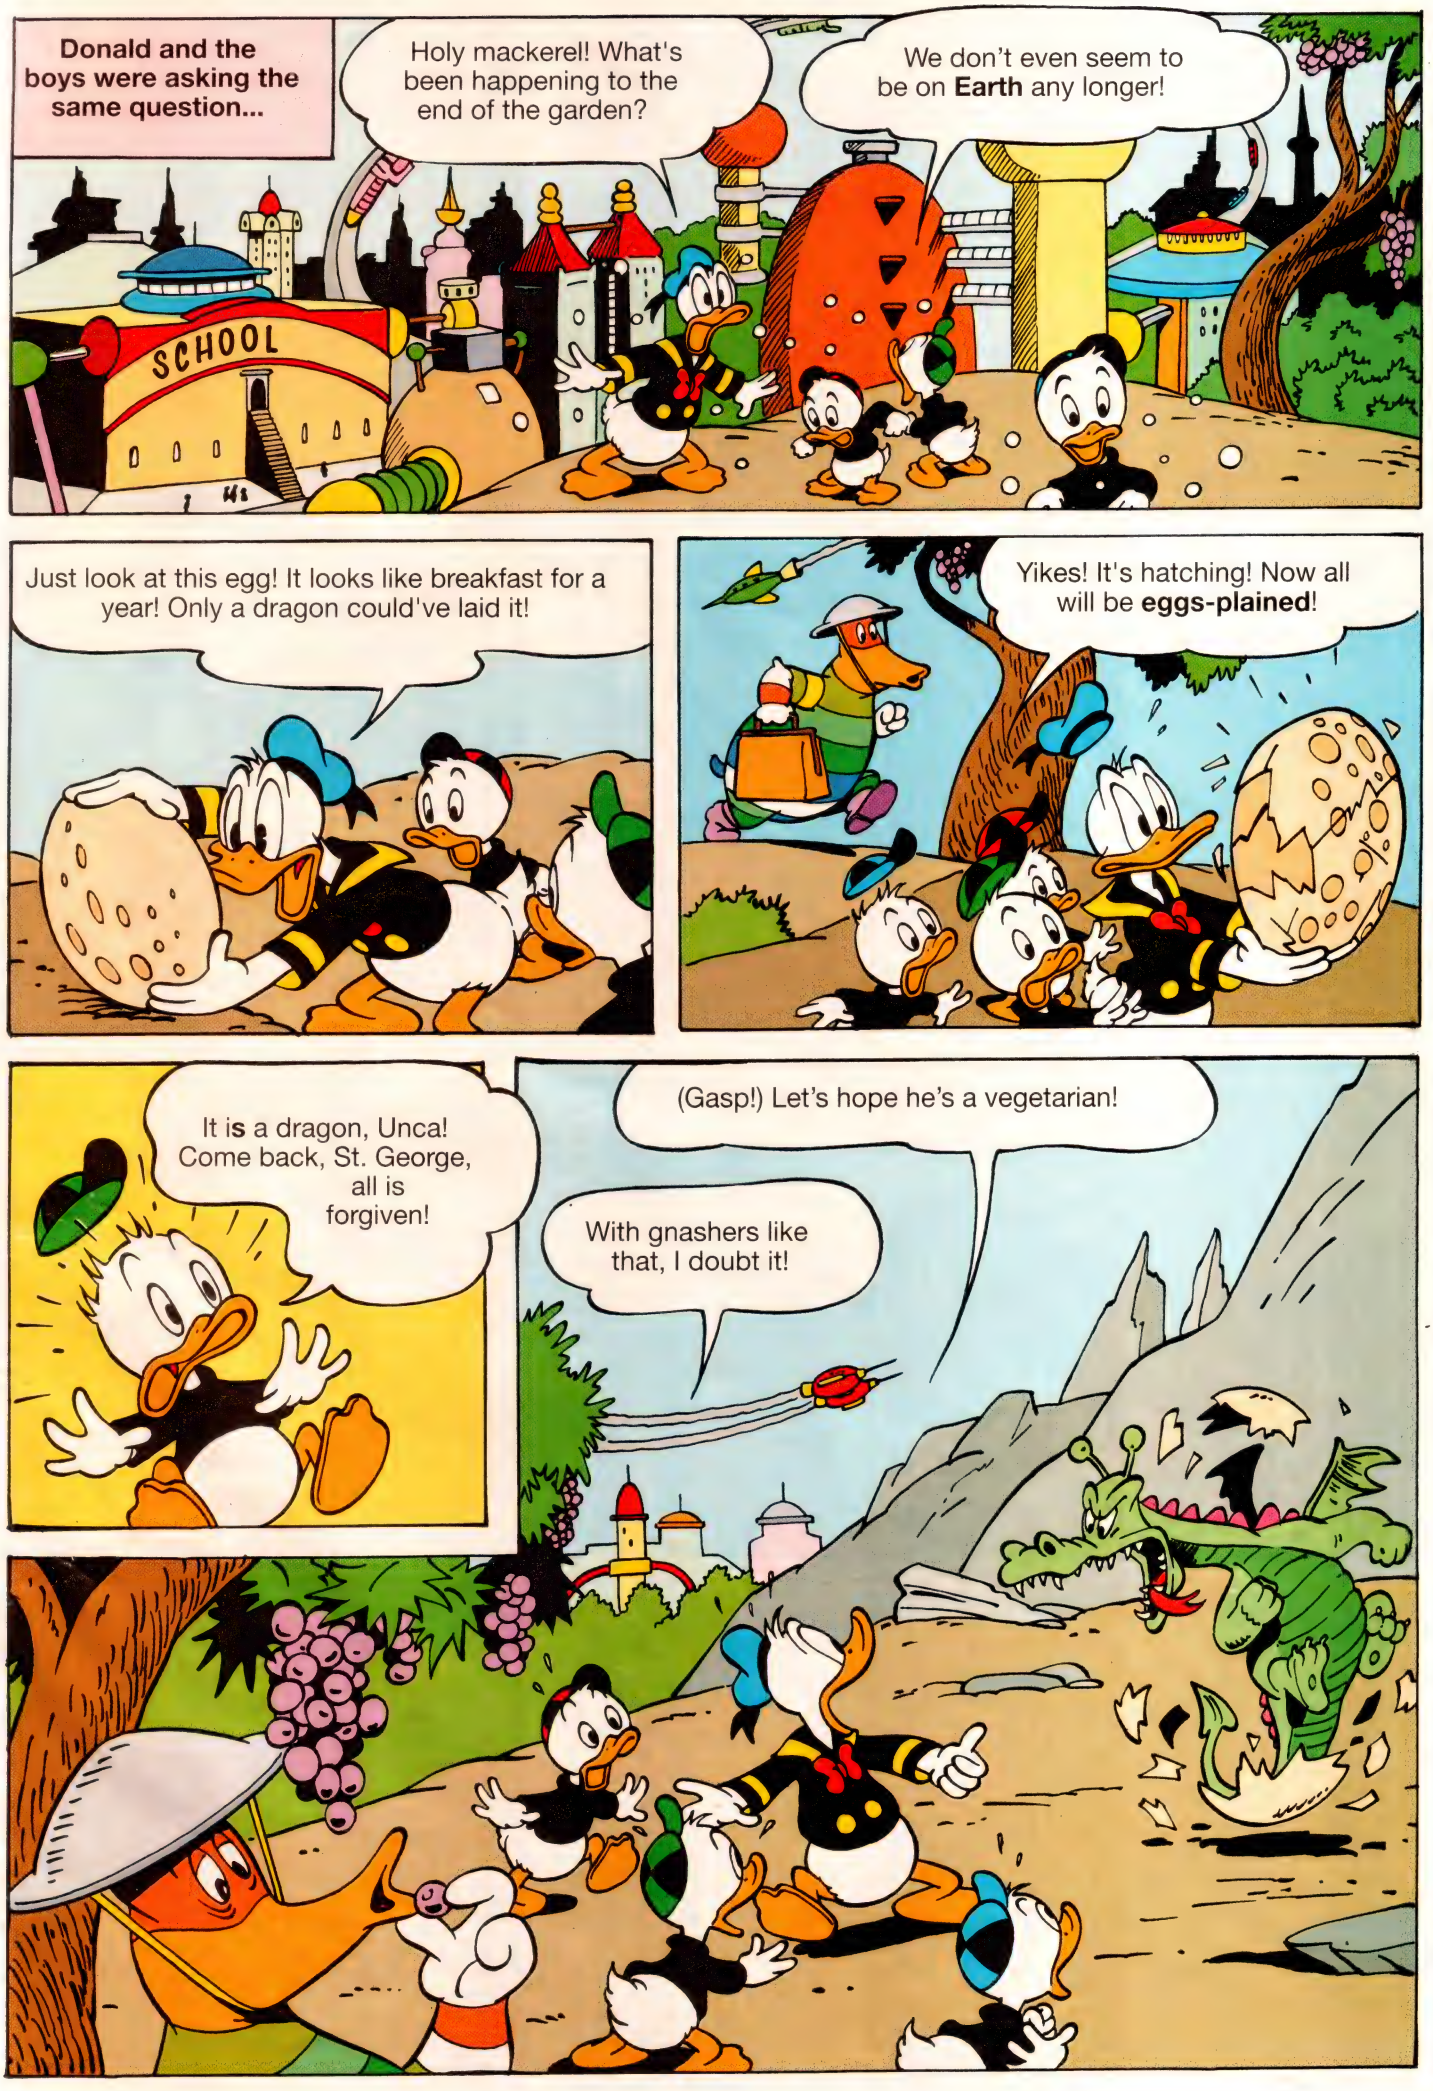
There's **nothing** lovely about today! It's the last day of the summer holidays!

We've got to go back to school tomorrow - and every day till Christmas!



SPLOF!

Wh-where did you come from, Gyro?
I was just trying out my new matter transmitter!
I've built this new doo-dah that can whizz you anywhere at the speed of light!
How would you guys like to help me out? I want to see if it'll transport more than one person at a time!
Are you sure about this contraption, Gyro? I don't fancy spending the rest of my life at the North Pole or somewhere!
Any place is better than school!
Don't worry, folks! You're quite safe - I'm only sending you to the end of the garden!
And...here you go!
KA-ZAANG!
H'm! They've gone... but **where** did they go?



Donald and the boys were asking the same question...
Holy mackerel! What's been happening to the end of the garden?
We don't even seem to be on **Earth** any longer!
SCHOOL
Just look at this egg! It looks like breakfast for a year! Only a dragon could've laid it!
Yikes! It's hatching! Now all will be **eggs-plained**!
It **is** a dragon, Unca! Come back, St. George, all is forgiven!
(Gasp!) Let's hope he's a vegetarian!
With gnashers like that, I doubt it!

Get outta here, ya brute!
And don't come back!
What on earth was that?
A Wagga-Wagga! And it'll be back - you can bet on it!
Waggas shoot up when they first hatch! But I thought **everyone** knew that?
Actually, we don't even know where we **are**!
Or even which year it is!
Good grief! Didn't you go to school? It's the eighth of August, 1994, and you're in **Duckburg** of course!
B-but you said that Gyro had sent us to another planet!
We were wrong! But he's obviously sent us to a **parallel universe**!
A para-what?
We've landed in some kinda corresponding reality existing alongside our own! The problem is how to get back again!
Hang about! First you've got to be educated! That's the law in Duckburg! Lucky for you I'm a teacher!

Forget it, Tin Hat! I did my time at school years ago!
Nope, Donald Duck sure doesn't need any more lessons! He's fully educated as it is!
Hey! What's (blub) happening to me?
Fully educated, eh? I thought everyone knew you don't eat the fruit of the Jogga tree!
Luckily I have an antidote!
Gee! You must (blub) be really Mr Lucky!
Let's just hope (blub) my luck holds and (blub) this pill works!
It did...
URGH!
THWACK!

So, lesson number one - we don't eat fruit unless we recognise it!
Hey! Look at those crazy birds!
They look like flying lizards!
Cool it, cheeky beaky! That (ouch) hurts!
What are these pesky critters? Ouch!
Don't you know that either? They're just ordinary skull peckers!
They're not really dangerous, but it must be rather unpleasant when they peck holes in your head!
Yikes! It is!
Phew-y! P'haps they'll leave us alone in here!
I hope so! 'Cause my head feels like a pin cushion!
So that's lesson number two - always wear a helmet when you're outdoors!

Yikes! School in this - er - Duckburg is tougher than in ours!
Yep! We have to teach our kids all about the tough times in our great city! As I mentioned earlier, it's the law!
But we don't push our pupils **too** hard, so you can take five if you like!
Great! Let's sit over there by that plant!
Oh, no! Don't you guys know anything?
AAARGH!
HELP!
That's no plant! That's the six-armed duck devourer!

Stop it! It's gonna eat Huey for breakfast!
No, don't! You'll get indigestion!
Don't worry! In lesson three I'll teach you about this creature's big weakness...
TICKLE! TICKLE!
...it's very, very ticklish!
TEE! HEE! HEE!
That's it, kids! Break's over! Time to return to your studies!
Will this never end?
Many painful lessons later...
That's the practical part of today's lessons over with!
SCHOOL
Now I want you to prepare this homework for tomorrow's lessons!
What? We've been at it for 15 hours! We need some sleep!
You guys must be joking! Sleep is for summer holidays! You don't kip in term time! Now off you go and write ten essays!

Practical lessons all day, followed by essays all night! This is a nightmare!
Arrrgh! Talking about nightmares! Look who's back!
It's the Wagga-Wagga again!
Only now he's a wagga-wagga times two!
KRONK!
KRONK!
KRONK!
Come on, Dewey! This is a bad time to rest!
Whoops!
Leave me! Better the Wagga-Wagga than another day in that dreadful school!

Huh?
KA-POFF!
Good grief! Where have you been?
We don't really know!
But we definitely don't wanna go back again!
Seems there was a fault somewhere! I'll just make a small adjustment to this remote switch - then it'll be quite safe again!
We're much too tired for any more tests, Gyro! It's heads down, now!
Next morning...
Fetch the kids, Donald! My fantastic matter transmitter is ready for a new test! I...
Gangway!
Last in school is a Wagga-Wagga!
Aaargh!
Good grief! They really are keen to get back to school after the summer holidays!
After what they've been through, Gyro, school is going to be like a summer holiday!

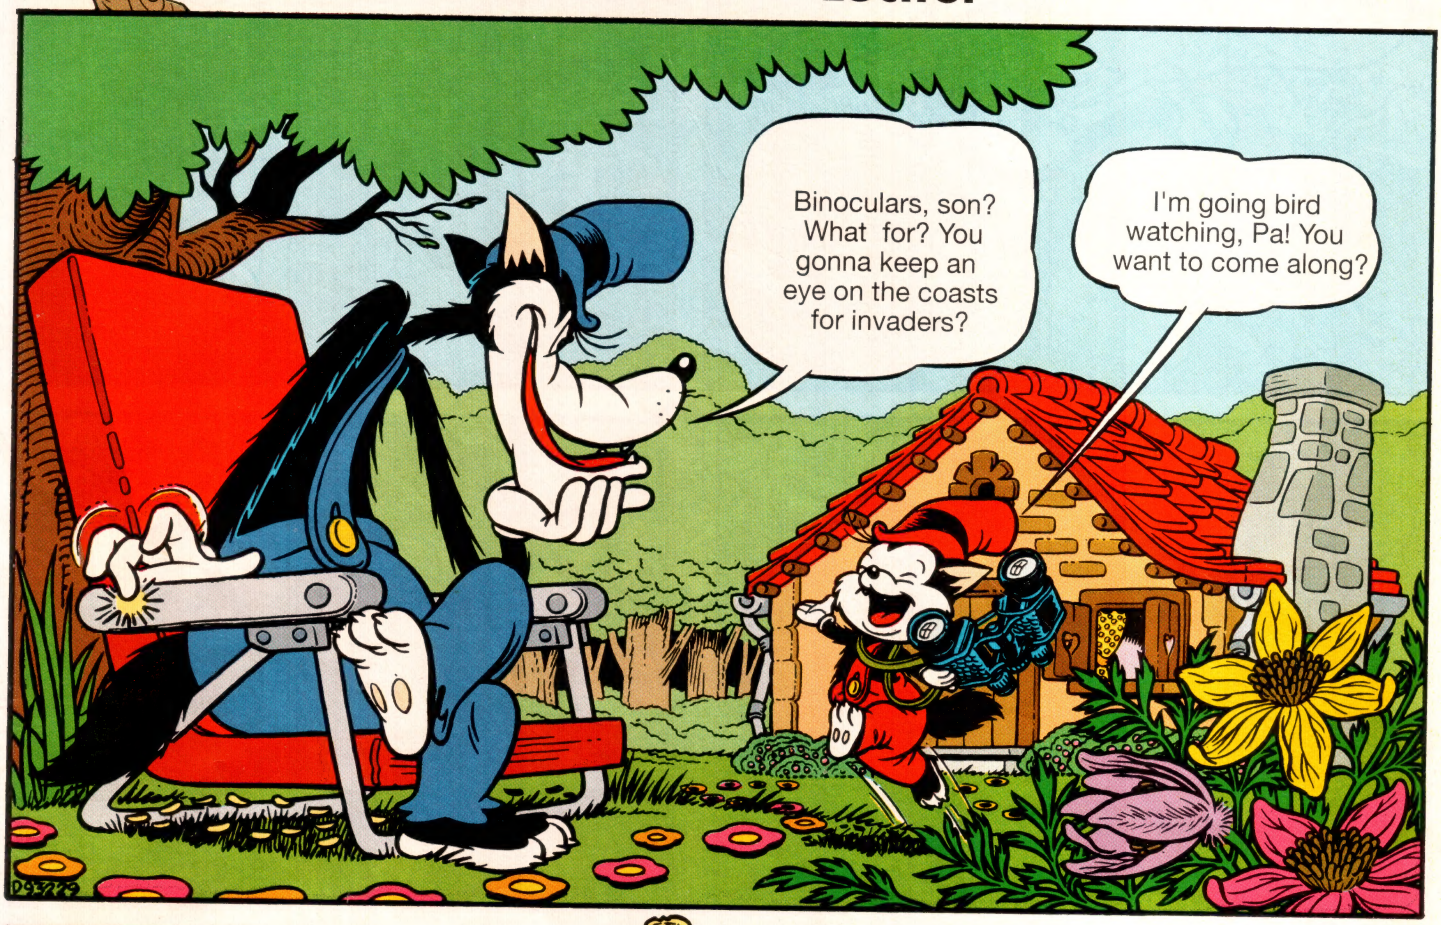
UNDER WATER TREASURE!

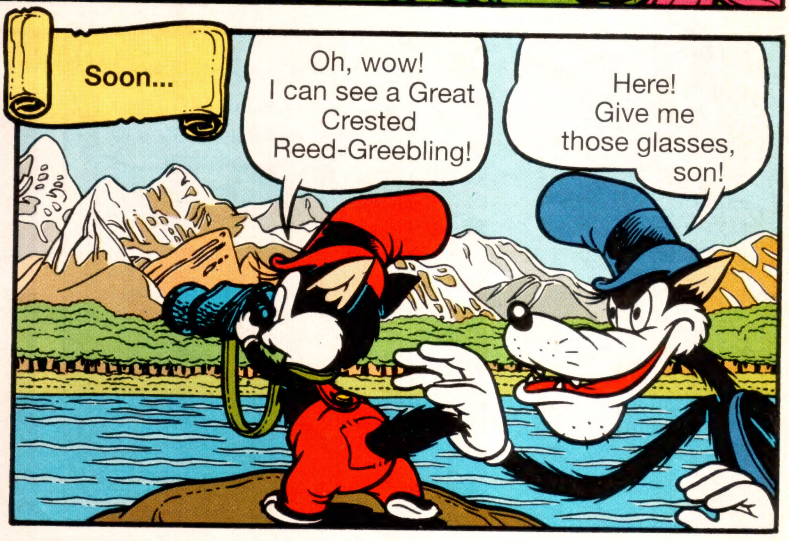
Here's Uncle Scrooge as usual searching for treasures! He's made his whole family go deep sea diving while he stays dry, of course! All the tubes are connected to the air chamber but who is connected to the valve that Uncle Scrooge is taking care of?

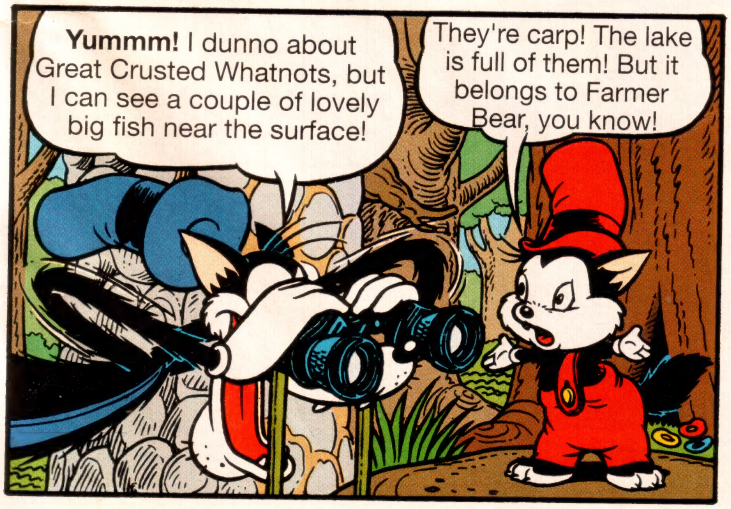
The answer is on page 31.

BIG BAD WOLF

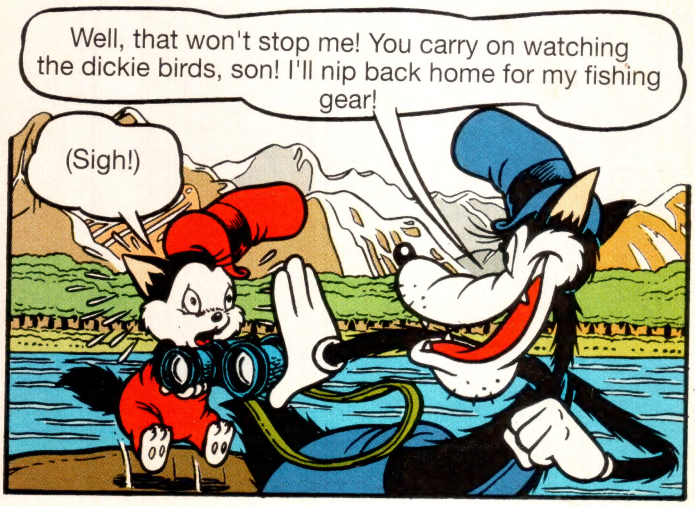
Lucifer



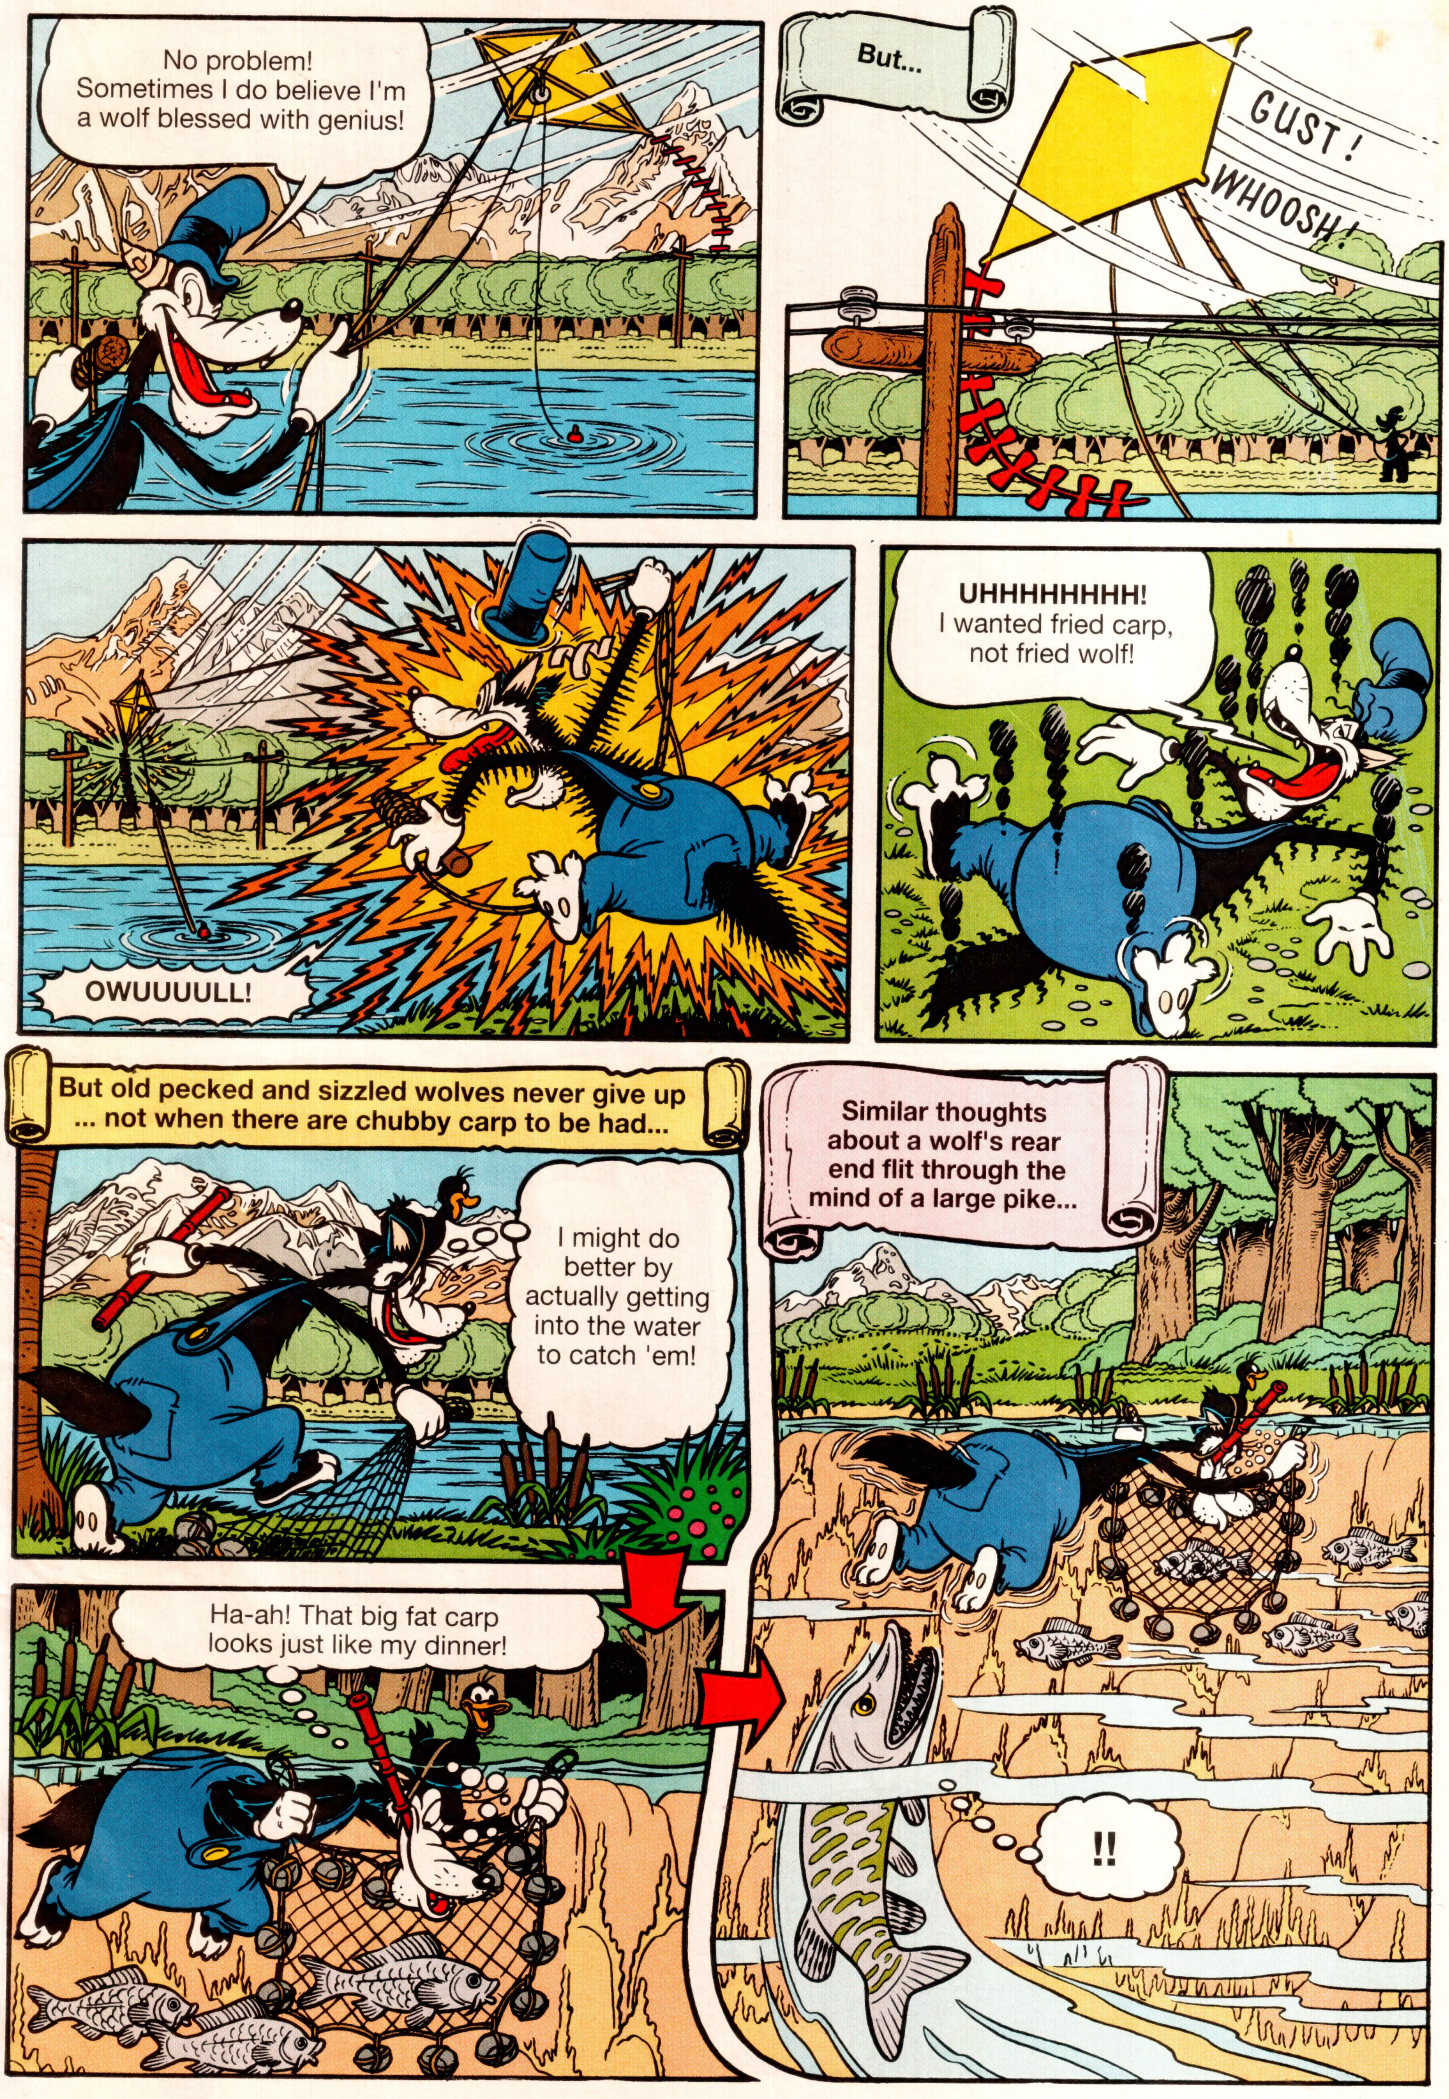




Yummm! I dunno about Great Crusted Whatnots, but I can see a couple of lovely big fish near the surface!
They're carp! The lake is full of them! But it belongs to Farmer Bear, you know!



Mind you, I'll have to be careful! I ain't exactly top of Farmer Bear's list of favourite people!
So...
Okay, you fat, appetising frying-pan fillers! Here I come!
Uh-oh! Here comes the acid test!
But...
!
Heh, heh! My disguise is working perfectly!
Oh, n-no! I-I think it's fooled this woodpecker, too!
YAAAAHH!
RAT-A-TAT-TAT!
OWUUUUUUULLL!
Before long...
Let's try it this way! I ain't on Farmer Bear's property, but I can still get at his mouth-watering carp!



No problem! Sometimes I do believe I'm a wolf blessed with genius!
But...
GUST!
WHOOSH!
HAAHH
OWUUUULL!
UHHHHHHHH! I wanted fried carp, not fried wolf!
But old pecked and sizzled wolves never give up ... not when there are chubby carp to be had...
I might do better by actually getting into the water to catch 'em!
Similar thoughts about a wolf's rear end flit through the mind of a large pike...
Ha-ah! That big fat carp looks just like my dinner!
!!

MMMMMHHH!
OWUUUUULL!
UFFFFFFF!
N-no! D-don't whop me, Farmer Bear!
I wouldn't dream of it! In fact, I want to thank you most kindly!
Wh-what?
Lucifer the pike's been gobbling up most of my valuable carp! So I'm sure pleased he's been caught at last!
Later...
Why don't you sit down?
I-I can't! At least not until all of Lucifer's teeth have been extracted!
Now what say you and that fine young son of yours come and join me in a feast of pike?
S-sure!
THE END
